Diploma in Electrical and Electronics Engineering
Government College of Polytechnic , Rudrampur

06/2017 - 05/2020   *9*

PERSONAL PROJECTS

Airlines Reservation System (04/2021 - 04/2021)
- Flight Reservation System is based on a concept of booking and canceling flight reservations. Here, the system contains no login feature. The users can easily book flights, cancel flight reservation, and check tickets. It contains different payment options for the reservations. This mini project contains fewer features but the essential ones.

Android App-To do list Remainder (08/2021 - 09/2021)
- Created a mobile application to list the daily to do activities with date and time. Also created an alarm to remind the users. Simple and effective codes are written in kotlin language.

Exploratory Data Analysis on Dataset - Top Ranked Colleges in India (11/2021 - 11/2021)
- Analyzed the top ranked collages in India according to state and city wise using excel. And made a visualization of ranking and college ratings in spreadsheet . Created a attractive and neat Dashboard in excel. Downloaded the dataset from kaggle website and performed this visualization on MS Excel.

IOT based underground cable fault detection (07/2019 - 11/2019)
- The cable fault detector measures the current and voltages of underground cable and if there occurs the high difference between voltages and current of two terminals of fault detector then the detector will alert the user remotely without going close to the cable.

SKILLS

C++ • Java • DSA & Algo • Kotlin • SQL • Selenium • Tableau • Excel • Active listening • Perseverant • Multi-Tasking

ACHIEVEMENTS

Cleared Hackerrank Assesment for SQL

Gold Badge In SQL on Hackerrank

CERTIFICATES
